President's Report Given by Robbie Moseley

We are up to 203 Members of PAWS compared to 138 last year!

General announcement that Mr. Swoverland has 4th stage Cancer and suddenly gave notice. He's a beloved and 20 year plus teacher her at HHS. PAWS will send something to him. Teams of social workers from the district would be available to come on sight for situations like this. The kids did not have a chance to say goodbye.

New Business: DECA would like to become a booster. Teacher has the paperwork in-line, they need to apply for a trade name. Need a Booster to help expand fundraising so they can attend conferences and marketing competitions.
